

Session 4E

Youth Council Session

A workshop in how to innovate Sail Training

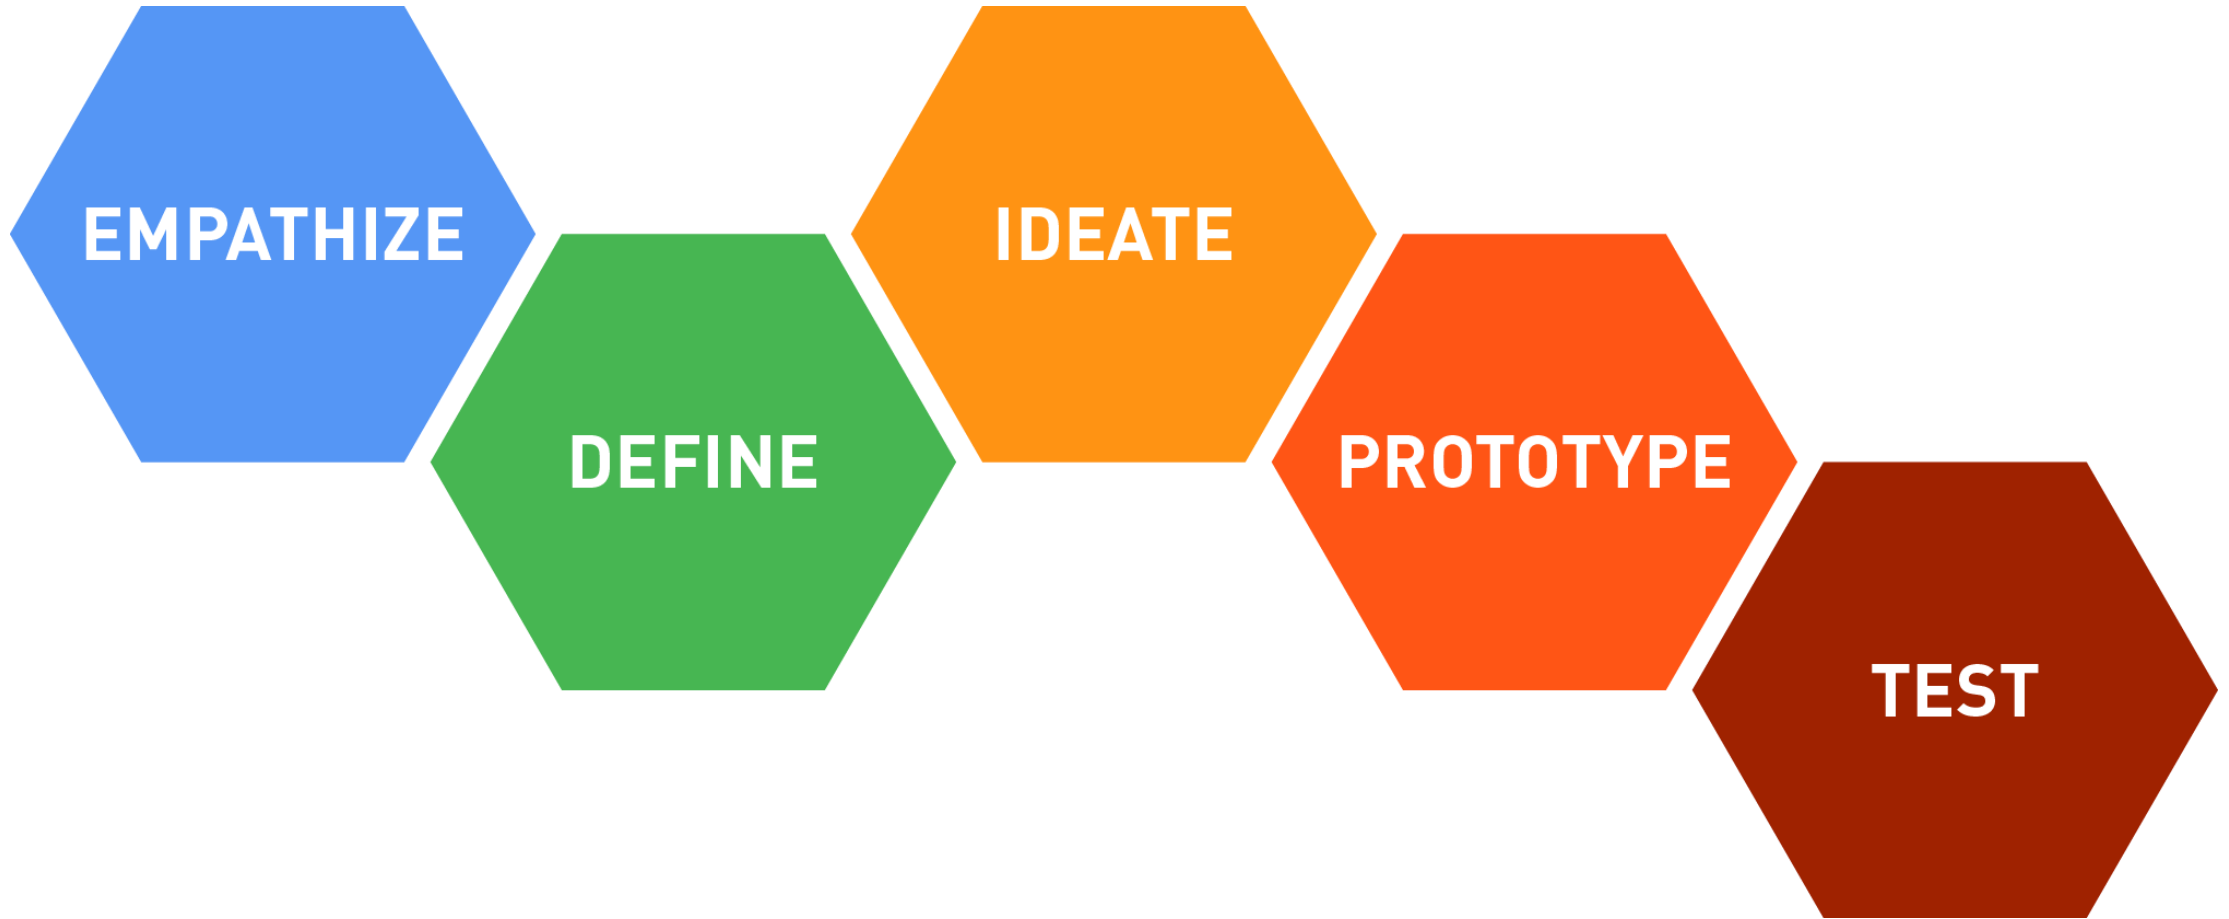

Please sit down by the flipchart
that is the most relevant to you!

Or the one that you think really needs to change and that you want to
help.

Design Thinking Workshop

How to innovate sail training

What is Design Thinking?

EMPATHIZE

Understand your trainees!

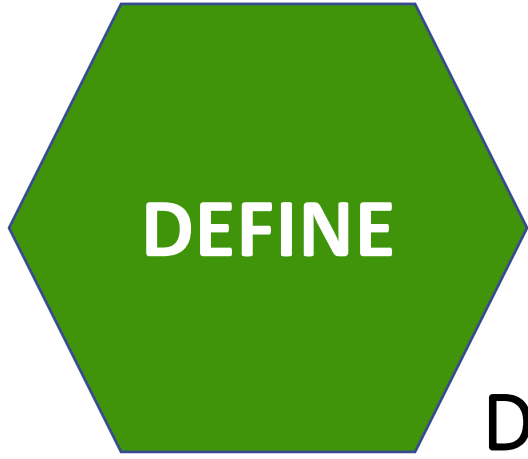

Interview the YC about their sail training experiences.

Interview the YC about their lives, you cannot ask sailing related question this time around.

5:00

Define the trainees problem.

Write down what you've learnt and use that to formulate a sentence that explains the trainees needs

10 Min

10:00

IDEATE

10:00

Brainstorm and think outside of the box.

Think of everything that could possibly solve the problem, feasibility is not an issue here!

10 Min

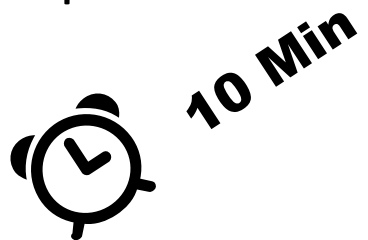

PROTOTYPE

Make your idea tangible.

Make two tangible solutions out of your ideas, draw, create or prepare to act them out and explain them.

10:00

10:00

TEST

Take your prototype for a spin.

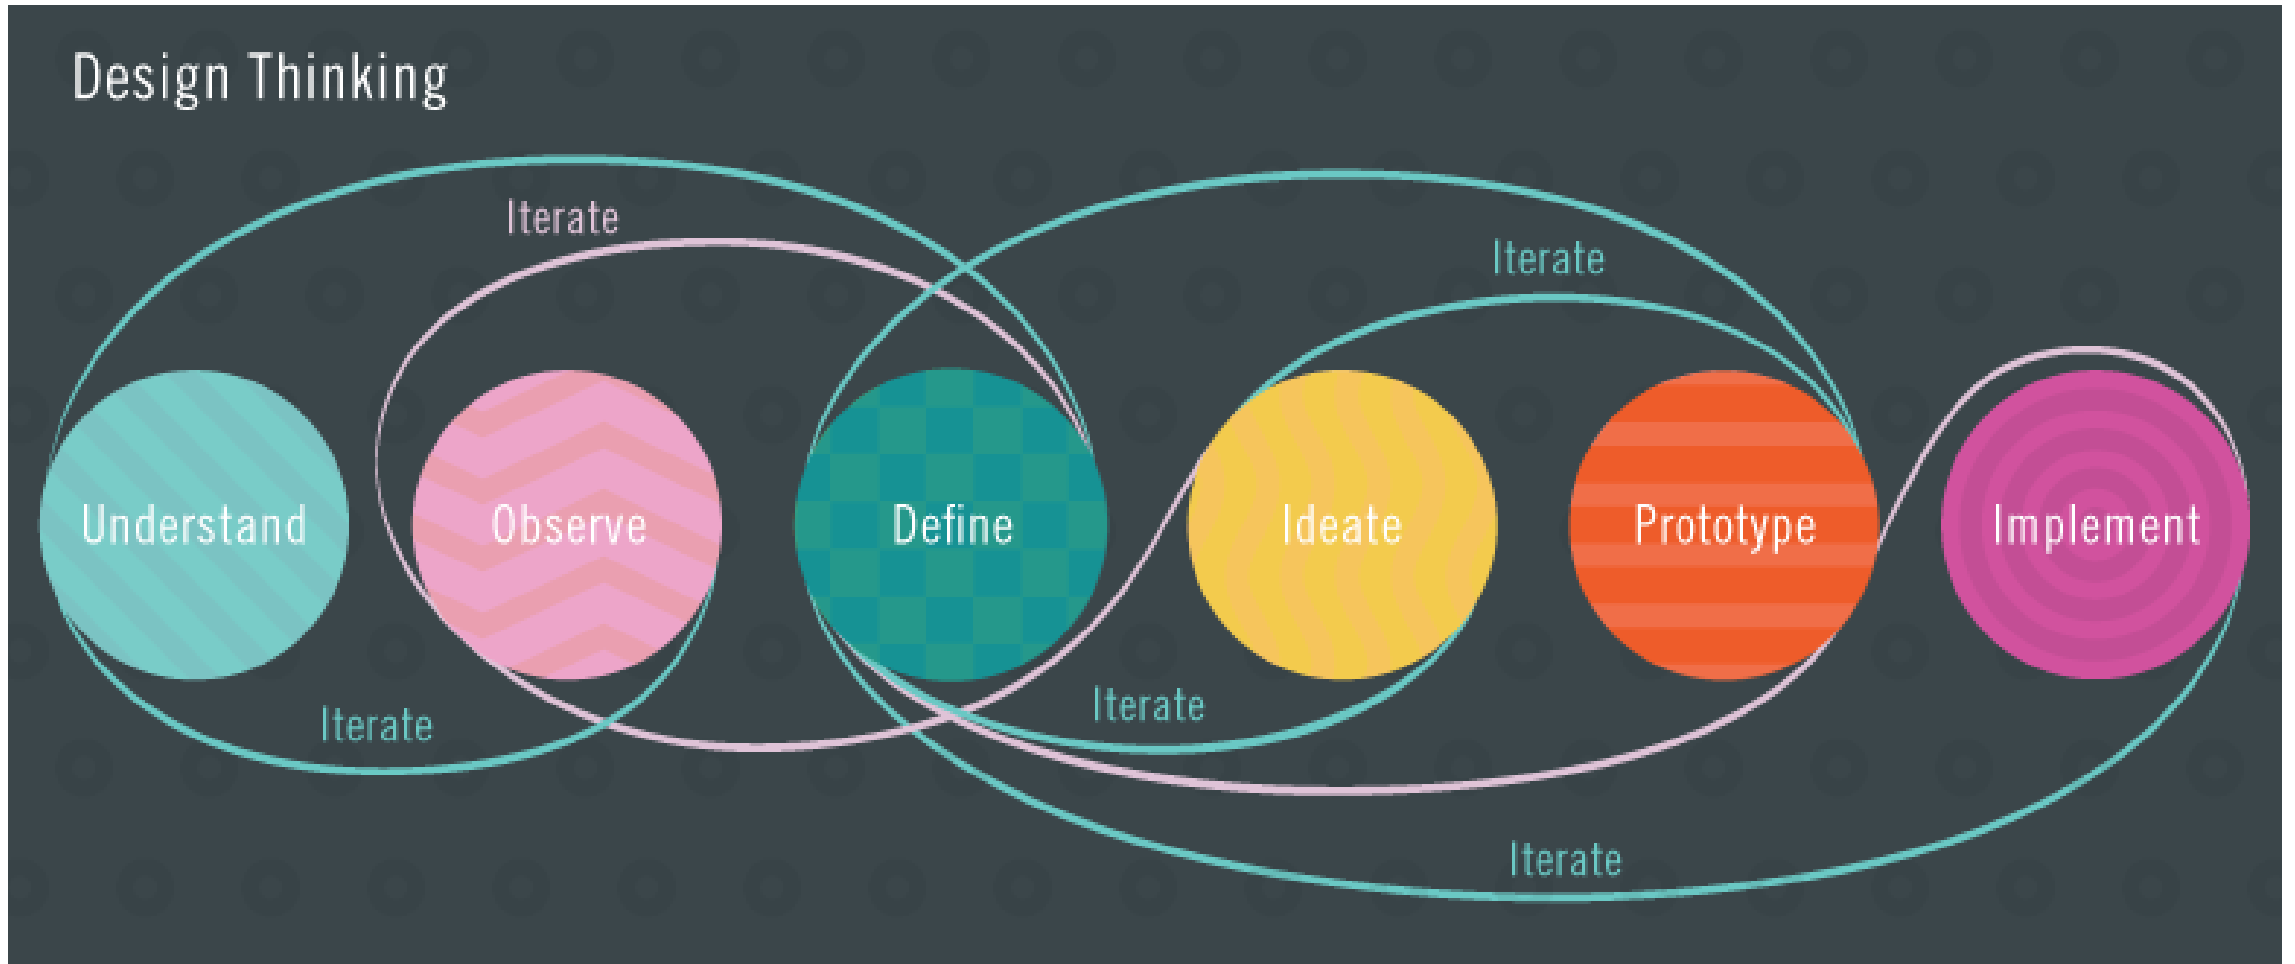

Present your idea to the YC members
you interviewd in the beginning.

10 Min

This is what design thinking really looks like.

Come find me during the conference if you have any questions!
