

2022 YOUTH DEVELOPMENT FUNDING APPLICATION GUIDANCE NOTES

BACKGROUND & PURPOSE

Sail Training International (STI) is seeking to support organisations - preferably non-profit - to deliver sail training programmes that will reach young people from a mixture of backgrounds, particularly those from a disadvantaged background (14-25), and offer one or more of the following:

- improve trainees' personal, social, or educational development,
- enhance international friendship and understanding, and
- demonstrate replicable models of innovation and good practice in sail training

The STI Trustees are keen to ensure that the funding achieves one or more of the following:

- increase the number of young people participating in Sail Training, particularly those who have had fewer opportunities
- encourage a structured approach to the management and outcomes of sail training programmes (what may the programme achieve and can it make a sustainable change in the lives of young people?)
- encourage effective partnerships between sail training operators and other agencies/partners/organisations working with young people over the long term
- Provide credible evidence of how far the stated outcomes have been achieved

The scheme is under the ultimate management of the Trustees of STI, who have the final say in deciding whether and where to provide funding.

The following rules for disbursement of moneys have been agreed:

- All funding granted will be a maximum of 50% of the total project cost.
- Funding will be for projects and not for individual bursaries.
- All applications will be considered on a case-by-case basis.
- If no proposals are of sufficient quality the Trustees reserve the right not to fund any projects.
