Welcome to Aalborg

It is a great honour to see The Tall Ships Races return to Aalborg once again. Aalborg hosted The Tall Ships Races for the first time in 1999, and over the years, this amazing event has visited Aalborg six times – this summer included. A fact of which we are very proud.

To see the ships, once again, gently roll in on the waters of the Limfjord is going to be wonderful. Not to mention seeing the ships berthed side by side with the Limfjord Bridge in the background.

Four amazing days await us all. Four days where both sides of the Limfjord will be alive and pulsating. The Tall Ships Races creates a unique vibe and atmosphere throughout the city. The streets will be crowded with excited citizens, tourists, and crew members, who are all enjoying themselves.

We are very happy and proud to welcome you, your ship, and your crew. We have done our very best to ensure that you have a great few days here.

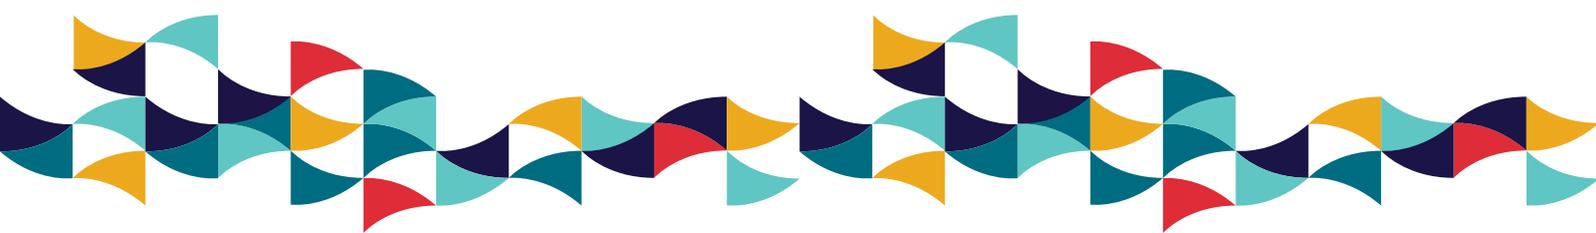

We hope you will enjoy your time in Aalborg and take in the festive events during your days here. There will be a vibrant music scene, great crew activities, and a record-breaking display of fireworks.

From the entire City of Aalborg – welcome and enjoy your stay.

Mayor of Aalborg

Thomas Kastrop-Larsen

Pilot is compulsory for ships with a draught of above 3,1 meters.

Passing the Oddesund Bridge

Pilot is compulsory for ships with LOA of 35 meters and above.

Passing the Railway Bridge in Aalborg

Pilot is compulsory for ships with LOA of 53 meters and above.

Pilots will be available free of charge for all ships obligated to comply with local pilot regulations.

Local contact details for Limfjord Pilot:

E-mail: 24h@limfjordpilot.dk

Telephone. +45 9152 8888 VHF: Ch 12/16

To order a pilot – Limfjord Pilot instructions must be followed:

<http://limfjordpilot.com/booking.html>

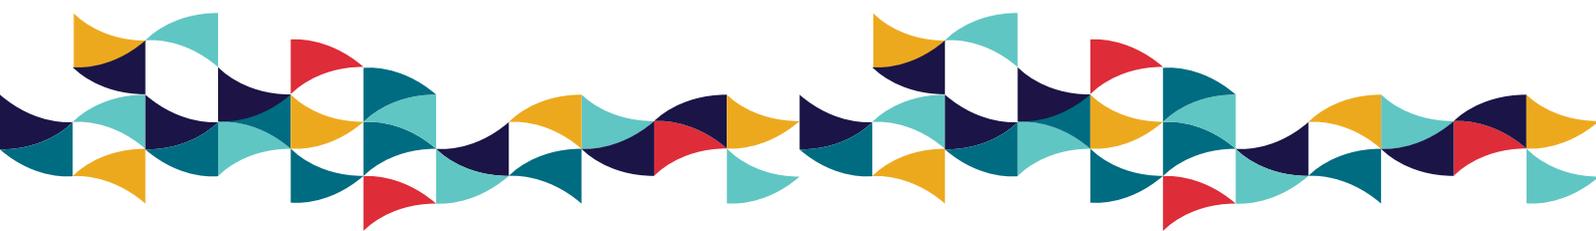

Ships requesting a pilot should call "Limfjord Pilot" on VHF channel 16 four hours before arrival at the Pilot Station (See the pilot stations Hals no 1,2 and 3 in the chart no 100, 101 and 122).

Tugs

Tug assistance will, if necessary, be provided for ships with an air draught of more than 49 meters through the alternative route, special marked channel to clear "Nordjyllandsværkets" power lines.

In Aalborg central harbour tug assistance will be available from Wednesday 3rd at noon free of charge.

Requests for tug assistance in the Aalborg central harbour should be made to "Port Control Aalborg" on VHF channel 13 or on telephone + 45 99 82 1040 as early as possible, but at the latest one hour before entering the Aalborg central harbour.

SafeSeaNet and Immigration

Under EU regulation 2017/458 all ships must be registered with and use SafeSeaNet portal when entering Denmark; <http://nsw.safeseanet.dk>

SafeSeaNet

If you already have a Danish SafeSeaNet account, log on with your existing username and password at <https://nsw.safeseanet.dk> using a Chrome, Firefox or EDGE-browser.

If you have forgotten your password, please use the "reset password link" at nsw.safeseanet.dk, and you will receive an Email with a link, to the Email address connected to your SafeSeaNet account.

If you cannot remember neither username nor password, please contact SafeSeaNet on Email: safeseanet@safeseanet.dk.

Please note that some ships chose to hire a local ship agent to handel the registration and uploading of data to SafeSeaNet.

You do not have to do the reporting yourself; you can hire a local ship agent to do the work for you.

To gain access to the Danish SafeSeaNet, please see below instruction:

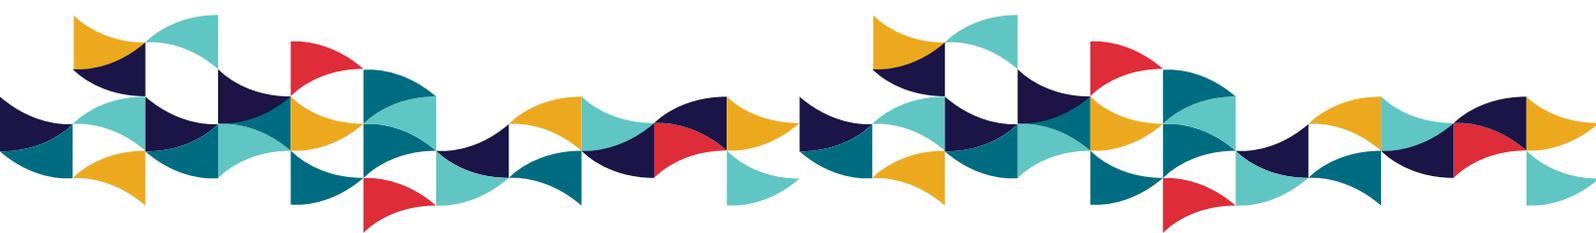

1. If you do not have an existing SafeSeaNet account, send the request form "Claim form to the Danish SafeSeaNet" to Safeseanet@safeseanet.dk no later than 24 hours (within normal working days) before entering a Danish port.
2. A password and username will be sent to you by Email.
3. Log on to SafeSeaNet and upload the required data – The Tall Ships Races 2022 excel spreadsheet - prior to departure from your last port or as soon as possible. Latest reporting is 24 hours before arrival.

Excel spreadsheets to be filled: (documents can be downloaded as described below):

- Crew list
- Pax list
- Ship stores (customs)
- Waste and residues

4. Latest one hour after arriving in a Danish port, log on to SafeSeaNet again, and insert actual time of arrival (ATA). The report will then change status to completed.
5. Before departure, log on to SafeSeaNet and create a departure report.
6. Latest one hour after departure from a Danish port, log on to SafeSeaNet again, and insert actual time of departure (ATD). Report will then change status to completed.
7. Registration form, Excel spreadsheets, manuals and contact information for the Danish SafeSeaNet is available at <https://forsvaret.dk/safeseanet>

If you have any questions to the above, please contact Email: safeseanet@safeseanet.dk

Immigration

State and navy Vessels

State and navy vessels are not required to use SafeSea-Net. All state and navy vessels are required to notify North Jutland Police and supply information regarding embarking or disembarking crews in Aalborg via Email njyl-graensekontrol@politi.dk

You can download the transfer list on embarkation and disembarkation on the website: www.tsraalborg.dk

No later than 4 weeks prior to the event, state and navy vessels are required to have applied for Diplomatic clearance through their own respective embassies on Danish soil.

Passport control and visa:

The Danish National Centre for Foreigners (Nationalt Udlændinge Center/NUC) has decided that all participating vessels in the Tall Ships Races are to be processed in accordance with regulations for cruise ships.

This means that the following must be observed: Passport control for all individuals when embarking and disembarking, except for passengers commencing their "cruise" in a Danish port, where the destination is a Schengen port, outgoing inspections will not be performed.

All crew members must be able to present a valid passport or visa when necessary. Citizens from non-EU countries and/or those who require a visa must apply for it prior to arrival. The requirements for a visa will depend on the nationality of the individual. Failure to be in possession of a valid visa may render the individual in question liable to depart from Denmark at the ship's expense.

Embarkation and disembarkation:

All ships are required to send transfer lists of individuals embarking or disembarking in Aalborg to the local police (North Jutland Police) by e-mail: njyl-graensekontrol@politi.dk no later than 24 hours before arrival.

You can download the transfer list on embarkation and disembarkation on the website: www.tsraalborg.dk

For individuals disembarking in Aalborg, passport control will be performed upon arrival in Aalborg.

Contact with the local police:

If you have any questions concerning embarkation and disembarkation, North Jutland Police can be contacted directly on telephone +45 4033 2096 from August 2nd until Sunday August 7th.

Passport control will be present in the event area:

August 2nd - August 3rd: 12:00 - 20:00

August 4th - August 6th: 08:00 - 20:00

August 7th: 08:00 - 16:00

Telephone: + 45 99 30 15 20 – 24 hrs.

Mobile: + 45 29 20 72 36

Ships with a specific requirement in connection with "ship security" should make a primary request to the Harbour Master, Port of Aalborg, no later than 72 hours before arrival to the Port of Aalborg.

Please note that the Port of Aalborg takes reservation for the types of security arrangements that can be established. It is important for ships with an ISPS certificate that they are informed that the quay which there are moored alongside is not an ISPS approved quay according to the ISPS rules.

Berthing

Special Berthing Instructions

Aalborg Harbour is open 24 hours. Berthing will be possible from Monday August 1th, 2022. Please announce your time of arrival at the earliest possible time.

The berthing plan is enclosed – see Appendix. Possible changes will be informed to the ships in question in due time.

All ships are requested to berth with the bow facing West.

Fenders and Gangways

All ships are expected to provide their own fenders and means of access to the shore.

The quays either have wooden fenders or concrete walls wherefore it is necessary to moor with own fenders.

Most of the class C and D ships have to moor alongside other ships, and it is important that the ships have their own fenders to use between the ships.

Line handlers

If you announce your time of arrival at least one hour before entering the Aalborg central harbour, line handlers will be present at the quay upon your arrival.

Class C and D in “Østre havn”

Ships entering the “Østre havn” must be aware of the following:

- Entering the “Østre havn” keep as westerly as possible and west the red boys to ensure the waterdepth and under keel clearance.
- Keep well clear of the wire from the cable park that is fastened across the whole area. See chart in appendix “Class C and D in Østre havn”.

Ships’ Safety

When in harbour, ships are advised to make sure that a lightning rod is installed.

Ships with a large mast height must mark the masts with a topleight (class A-ships).

Ships are required have outboard towlines ready in case of fire.

Formalities

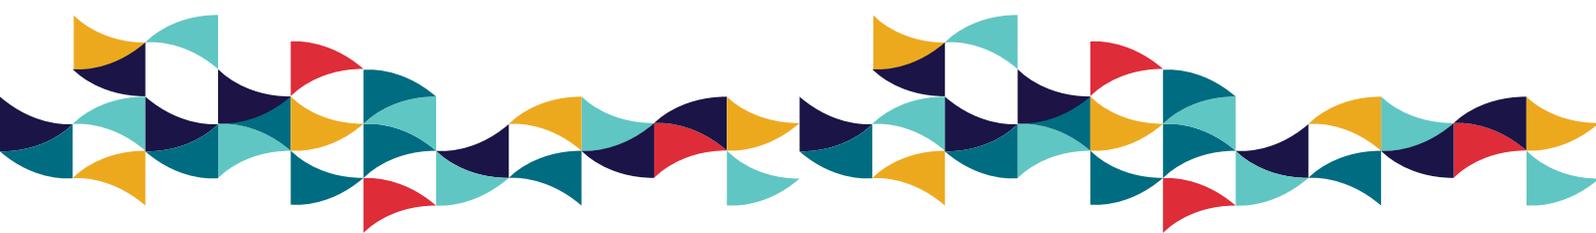

Dress ship

If weather permits, ships are invited to “Dress Overall” during the stay in Aalborg.

Colours

The colours should be hoisted and hauled according to the following:

Tuesday August 2nd	08:00	21:31
Wednesday August 3rd	08:00	21:29
Thursday August 4th	08:00	21:26
Friday August 5th	08:00	21:24
Saturday August 6th	08:00	21:22
Sunday August 7th	08:00	until departure

Captains' Programme

Captains' Dinner 8

Captains' Dinner will be held at Nordkraft, Skråen, Thursday August 4th at 18:30.

Invitations will be distributed by the LO upon arrival.

Each captain is invited with one companion.

Nordkraft, Skråen, is located in very close proximity of the event area for which reason guests will be able to walk to the event.

Captains' Briefing 1

Captains' Briefing takes place on Saturday August 6th in TSR 22 Headquarters, Auditorium, Rendsburggade 14 from 16:00 - 17:00.

TSR 22 Headquarters is located centrally in the event area for which reason the captains will be able to reach Captains' Briefing by foot.

A weather forecast report for Kattegat and Skagerak with expectations for 72 hours will be delivered at the meeting.

Captains' Lounge 1

Captains are welcome to use the area with WIFI reserved for captains at TSR 22 Headquarters, Rendsburggade 14. Follow the signs when you enter the building.

Opening hours: 08:00 - 18:00

Crew Programme

Crews' Party 8

Crews are invited to a spectacular party held at Nordkraft on Friday August 5th from 19:30 - 23:00.

All crew members will be able to enjoy a night of fun with delicious food, dancing, and music for every taste as different concert halls will present different types of music.

Admission is strictly restricted to crew members wearing the race crew wristband. Crews will in addition be receiving a wristband with three snips that can be exchanged to drinks.

Drinks will be issued to crew members according to the colour of their wristband. Crew under 18 (white wristband) can exchange the snips to soft drinks, and crew over 18 (green wristband) can exchange the snips to beer, wine, or soft drinks.

Alcohol will not be served for crew under the age of 18, and it is not allowed to bring your own alcohol.

Captains are expected to send at least one officer from their ship to the crew party to supervise crew and trainees.

Crew Parade

Crew Parade takes place on Friday August 5th starting from Nørresundby and Aalborg.

The parade will go through the town accompanied by different bands and end up at the main stage on Slotspladsen.

Crews are expected to attend and are encouraged to entertain, sing and dance their way through the city.

Meeting time at the starting points is 15:40

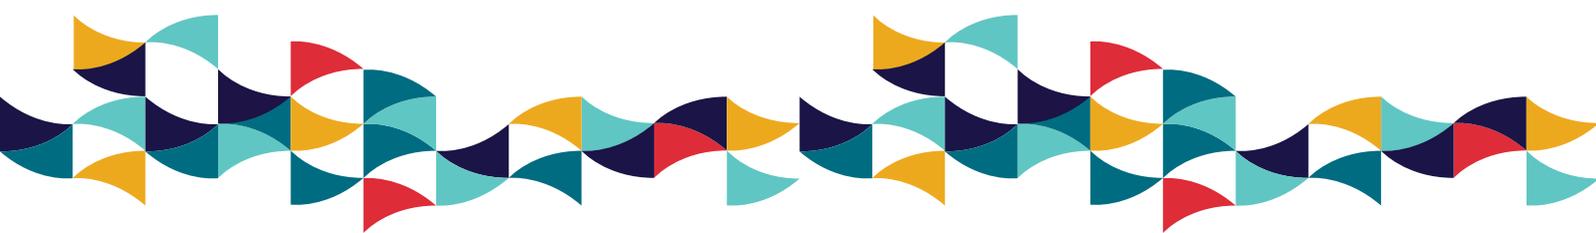

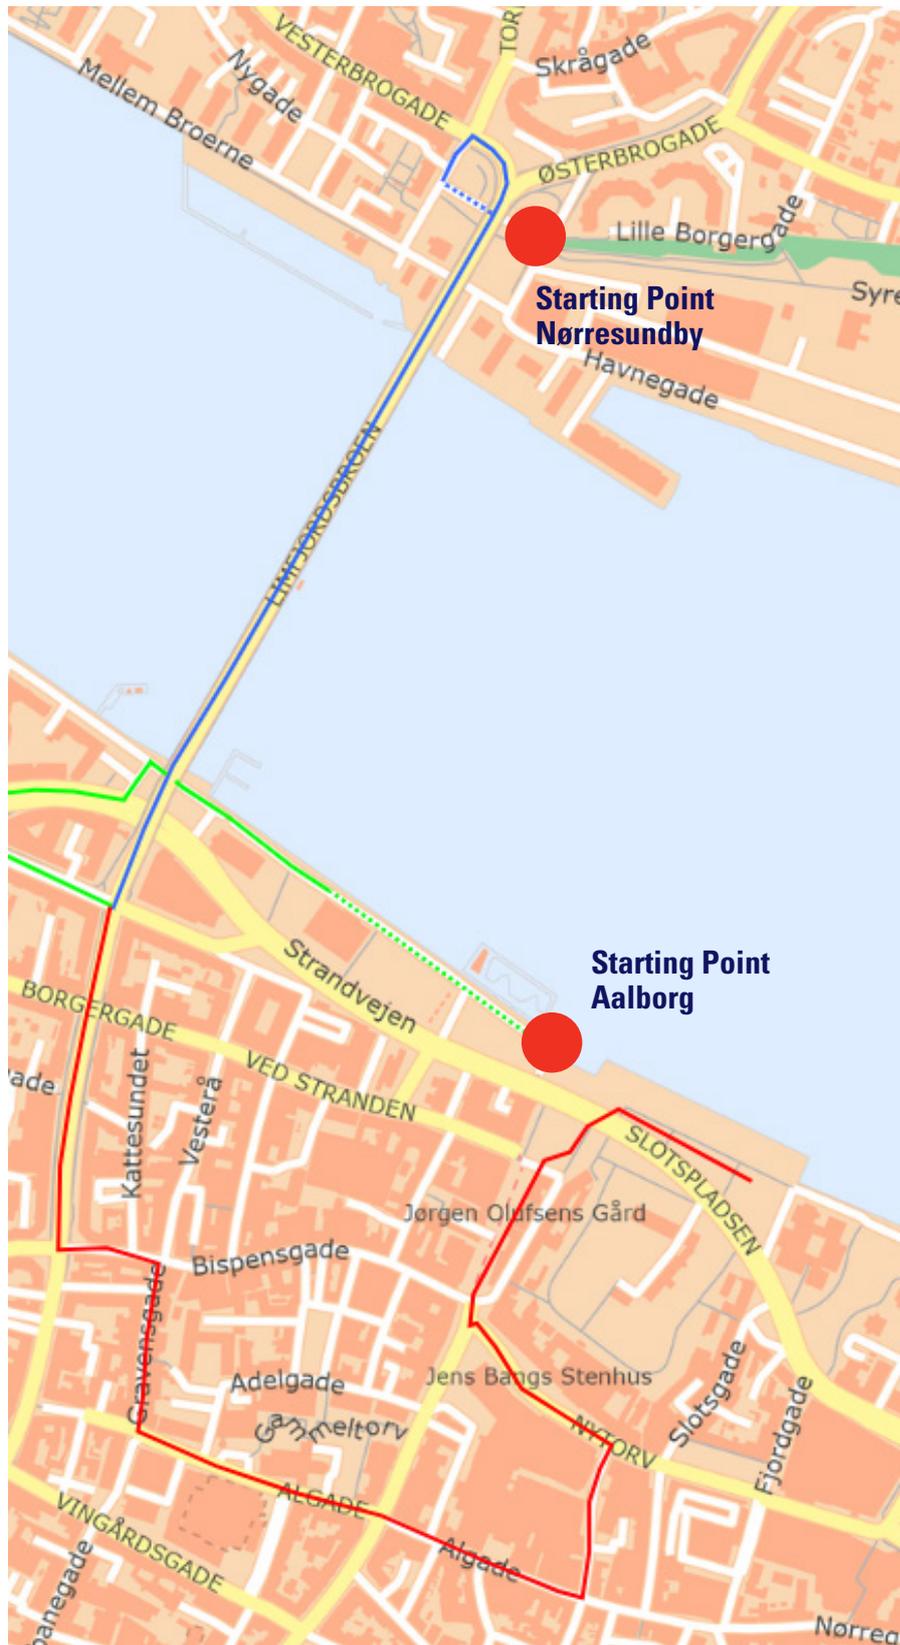

Departure from Nørresundby "Under the bridge": 16:00

Departure from Aalborg "Pakhuset": 16:00

The liaison officer will accompany the crew on the route and has information on the line up positions. See Appendix "Crew Parade Line up"

Crew Parade Route

Prize Giving Ceremony 9

The Prize Giving Ceremony will take place immediately after the Crew Parade's arrival at its end destination – the main stage on Slotspladsen at approximately 17:00.

Mayor Thomas Kastrop-Larsen and a STI representative will present the prizes to the crews.

The City of Aalborg will be handing out the following prizes:

- First Overall for the Race Series in Class A
- First Overall for the Race Series in Class B
- First Overall for the Race Series in Class C
- First Overall for the Race Series in Class D
- Youngest average aged crew in Class B
- Communications Prize
- Vessel with the most international crew
- Best crew in the crew parade

Crew Activities

Upon arrival crews will receive a crew manual with practical information regarding services, activities, and a general map of the event area.

For a description of specific crew activities and practical information about registration and transport, please see Appendix "Crew Activities".

City Cultural Programme

Public visits to the ships (open ship)

The Tall Ships Races is the most popular event in the entire region of North Denmark, and many visitors have come a long way to see and visit the ships.

When you have no other activities on board, we encourage you to invite the public on board and give them an unforgettable experience.

In the cultural programme, we will inform the public that ships will be open to visits when it is announced by means of the ships' signs or beach flags on the quay.

We kindly ask for your co-operation.

Parade of Sail

At the Captains' Briefing on Saturday August 6th departure plans and information regarding radio service and detailed procedures will be distributed.

Parade of Sail is planned to start at 13:00.

Standard procedures:

- Radio communication on VHF Channel 13 (listen and do not talk)
- Distance from berth to Point of Parade is approximately 6 nautical miles
- Parade speed is 6 knots. It can be increased if necessary
- Set the sails as soon as possible
- The Parade of Sail will pass south of the ship "Brita Leth" and the schooner "Maja" at the saluting point.
- After passage of the Point of Parade sailing will be at the starboard side of the fairway to make space for other passing ships.
- Listen on VHF Channel 13 for any changes to the parade regarding speed, distance between ships, weather forecast and other important information.

See the route in Appendix

"Route - Parade of Sail and Saluting Point".

Liaison System

Liaison Officers

Aalborg has assigned a liaison officer to each ship. The liaison officers will wear olive green t-shirts and credentials. The liaison officer team is available from Wednesday August 3rd, and your ship will be met by your liaison officer soon after your arrival in Aalborg.

The liaison officers are both men and woman, many with a maritime background, who have volunteered their fulltime service to the ships during the Tall Ships Races in Aalborg.

The liaison officer will be at your service every day and will report on board after the early liaison officers briefing every morning. You can expect to see your liaison officer around 08:30.

Through the liaison officer, we will provide you with important information and keep you up to date on any revised or new material or activities. The liaison officer will also be able to guide you in the matter of activities planned for captains and crews. Your liaison officer will also be happy to assist you with any queries you may have and to help with various arrangements that may be required during your stay in Aalborg.

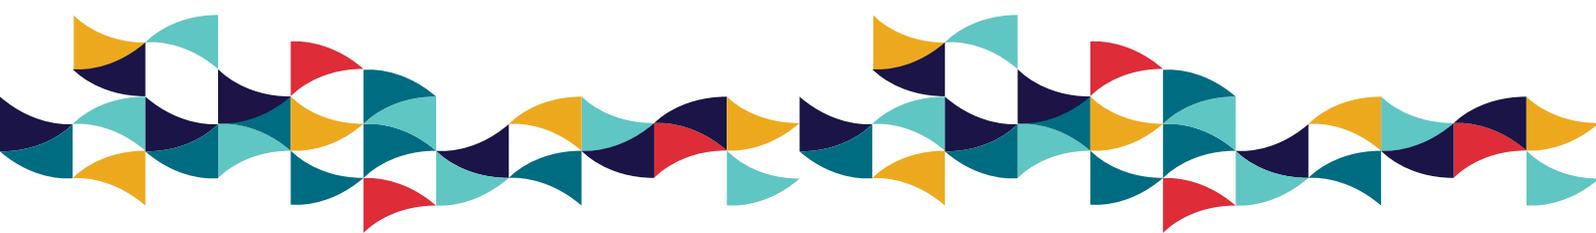

LO Operation Centre ①

The liaison officers will be operating from the LO Operation Centre, which is located at TSR 22 headquarters, Rendsburggade 14.

The LO Operation Centre will be fully manned from 07:30 - 21:00 every day.

All liaison officers will be equipped with a mobile telephone to ensure contact between you and the liaison officer, but if for any reason you cannot contact your liaison officer, please contact the LO Operation Centre and the LO staff will then make the necessary arrangements.

From August 2nd - August 7th you can contact LO Operation Centre on telephone: + 45 99 82 10 41

Ship Services

Port Authority of Aalborg

During the Tall Ships Races, the Port of Aalborg has transferred the authority of the planning, services and logistics related to participating ships to Port Control Aalborg (part of the Vessel Committee).

The Port of Aalborg harbour master still has the overall authority of all activities in the harbour area within the harbour limit.

Fuel

Marine Diesel is available on arrival at a self-service station placed easily accessible at the Fjord side in Hals at the entrance to Limfjorden.

Quantities up to 2500 liters are in store at the jetty.

Quantities above 2500 liters must be ordered beforehand on mail kontor@sl-transport.dk. The supplier can also be contacted by phone +45 29498950.

The bunker station is available from Monday August 1st - Friday August 5th from 06:30 to 21:00.

Remittance is by Master or Visa card in the self-service automat at daily prices that can be advised in advance by mail or phone as listed above.

Smaller amounts up to 350 liters Marine Diesel can be supplied alongside in the Tall Ship Area in Aalborg by requisition via your Liaison officer. Remittance is by credit card.

Deliveries on 40 cbm and above can also be arranged by contacting BunkerOne on mail - avf@bunkerone.com - and can be delivered ex barge off Skaw or ex truck alongside.

Please be advised that Tall Ship Aalborg is only arranging contact to bunker suppliers and can not be held responsible for any later dispute between ship and supplier.

See Appendix "Bunkering Hals Harbour".

Water

Class A ships can request water through the Liaison Officer. The water requisition form (see appendix) is to be returned to the liaison officer the day before the requested delivery.

Trained personnel will handle the supply of water.

Water will be delivered between 07:00 - 11:00.

There is one filling free of charge per ship. Additional supply of water will be at the ship's own expense.

For class B, C and D ships water will be supplied from quayside installations as needed and free of charge.

The water requisition form is to be given to the liaison officer after which trained personnel will fill the tank.

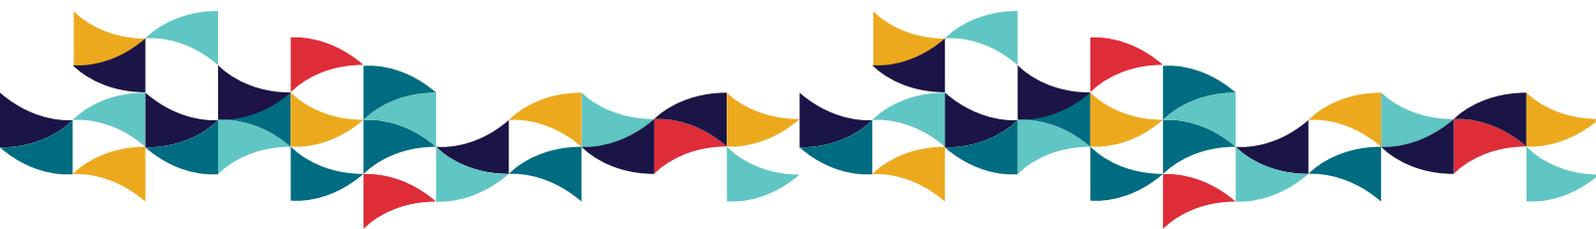

Electricity

Electricity is available free of charge from quayside installations.

As a starting point, 32 amps will be established for class A ships and 16 amps for others.

Class A ships are, however, encouraged to use their own generators.

The request for the connection to the power supply is made to the liaison officer upon arrival.

Waste

Waste and garbage bags must be disposed of by means of the big waste containers evenly placed alongside all the quay areas.

Please use them. No waste may be led out into the water!

For other waste products (for instance faecal tanks) contact the liaison officer.

Waste management/recycling

Cardboard / paper containers will be placed at the food stalls so that all packaging can be sorted on the spot.

Around the event area, collection for pawn bottles as well as deposit stations for recyclable mugs from draft beer.

The rest of the garbage produced will be residual waste.

All waste containers are collected and driven to Aalborg Municipality's disposal facility where it is sorted – plastic and metal to be recycled and all other waste to be burned to produce energy and heating.

Sewage

Ships that require emptying of sewage tanks and bilge water are to fill in the sludge requisition form (see appendix) and hand it to the liaison officer.

Sewage and bilge water will be collected by a special vehicle and should not be pumped overboard.

Sewage will be collected between 07:00 and 11:00.

Terms of payment: Cash on delivery.

Sludge

Ships that require collection of sludge are to fill in the sludge requisition form (see appendix) and hand it to the liaison officer.

Sludge will be collected by a special vehicle and should not be pumped overboard.

Sludge will be collected between 07:00 and 11:00.

Terms of payment: Cash on delivery.

Gas

In Denmark propane can only be provided if the ship has a "Kosan propane system". Existing bottles cannot be refilled, but Danish LPG bottles and connections can be made available.

Propane, Danish LPG bottles and connections are at the ships' own expense.

Please contact your liaison officer if needed.

Repairs

In case of technical repairs or other logistical requirements on board the ship, please report this to the liaison officer who will then obtain the help required.

The following service and repair facilities are in the harbour:

- Sail maker
- Ship and boat builders
- Ship installations
- Ships handlers
- Ship machine works
- Safety equipment
- Navigation equipment
- Lift service

Delivery of Goods and Equipment

For security reasons vehicles are not allowed to drive in the event area during opening hours from 11:00 - 24:00 from August 3rd - August 7th.

This means that if you have a delivery of goods or equipment planned while you are in Aalborg, it should be delivered to the ship between 06:00 - 11:00. Hereafter the event area is closed and only open to pedestrians.

Coach Collection Point 10

During opening hours from 11:00 - 24:00, coaches dropping off/picking up crews cannot drive directly to the ship. Therefore, we have established two coach collection points from which the crew can reach their ships by foot.

Communication

You can use the Internet café/crew center if you wish to send emails. 11

First Aid

First aiders will patrol the event area during opening hours, and first aiders will also be equipped with a heart starter. Heart starters are also located on various locations in the berthing area as well as in the five info points placed on both sides of the Limfjord. All info points will be able to provide crews with band aid if needed.

A First Aid tent will be located at Havnehuset.

First aiders will be able to treat small injuries on site and evaluate injuries to be referred to hospital treatment. A doctor will be present at certain times.

The First Aid tent is manned as follows:

Thursday August 4th: 10:00 - 22:00

Friday August 5th - Saturday August 6: 10:00 - 00:00

Sunday August 7th: 10:00 - 15:00

Incidents and Emergencies

All emergencies should be reported immediately to the **National Emergency Phone number (Ambulance, Fire and Police): 112**

Afterwards, please contact your liaison officer who will then report the incident to the Port Committee and LO Operation Center.

Should a member of your crew become ill and need medical attention which is not acute or need to see a dentist, please contact your liaison officer or the LO Operation Center, and they will make the necessary arrangements.

Transport

Bus

Crews will be able to use the public city busses free of charge. If you want to use the city busses in Aalborg for free, you can contact the LO Operation Center in the TSR 22 Headquarters and get a bus wristband.

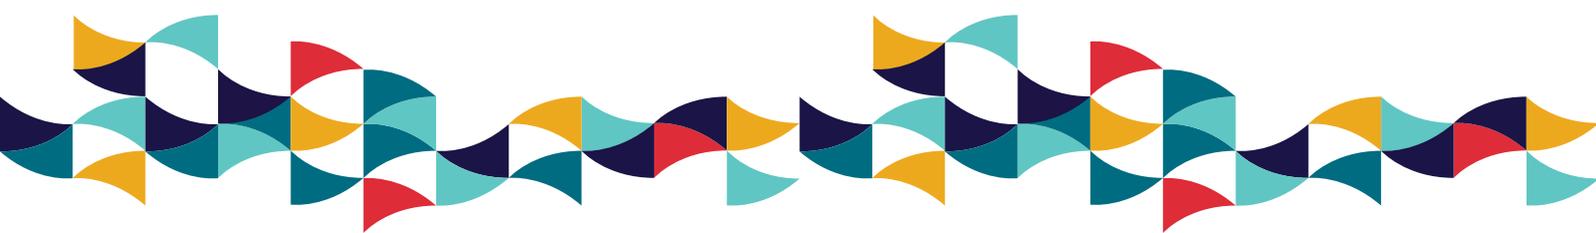

The bus wristband must be presented in the bus to the driver, and it is your ticket.

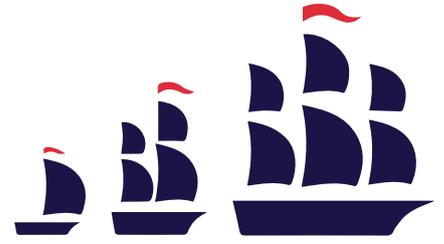

Please note that the TSR 22 crew wristband does NOT provide access to the busses.

Shuttle ferries

Ships will be berthed on both sides of the Limfjord (Aalborg quay and Nørresundby quay). You can cross the Limfjord by means of the Limfjord Bridge, but also by means of a shuttle ferry at each end of the berthing area.

Crews can use the shuttle ferries for free by presenting their TSR 22 crew wristband to the shuttle ferry crew. Please note that in case there is a queue when boarding the ferries, crews are expected to wait in line with other passengers waiting to board.
