**ADVANCE NOTICE
SAIL TRAINING INTERNATIONAL
THE TALL SHIPS RACES MAGELLAN-ELCANO
(15 August – 10 September 2023)**

Thank you for entering The Tall Ships Races Magellan-Elcano. We look forward to seeing you this summer.

This Advance Notice is to provide owners, vessel operators and Masters/Captains with information about the plans made so far for The Tall Ships Races Magellan-Elcano and associated events.

It will be updated from time to time and each version is dated at time of publication. Please ensure you have the latest version. Further information is available at www.tallshipsraces.com and will be issued by Sail Training International in the “**Arrival Arrangements**” document, which will be posted on the website approximately six weeks before the start of the Race Series.

Each host port will also produce a detailed Captains’ Manual, which will be available on the Captains’ Page of the website here <http://www.sailtraininginternational.org/vessels/captains-page>, and a printed copy will be given to each vessel in port.

If you require any other information, please do not hesitate to contact us. If this is your first Tall Ships Race and you wish to have more detailed advice, we would be happy to put you in contact with an experienced vessel operator from your country, who would be willing to talk things through with you.

The following files can be downloaded from the Captains’ Page on our website at www.sailtraininginternational.org/vessels/captains-page

1. The current edition of the Racing & Sailing Rules
2. Crew List Form (EXCEL spreadsheet)
3. Vessel Life Saving Appliance Check List
4. Sail Training International Memorandum on Safety

Owners and Captains/Masters **MUST** read these documents to help them prepare for this year’s Races.

RACING & SAILING RULES 2023

The latest edition of the Racing & Sailing Rules and Special Regulations will be available to download from the **Captains' Page** on our website: www.sailtraininginternational.org/vessels/captains-page in due course.

Race One (Falmouth to A Coruña), is designated as Category 1. Race Two (Lisbon to Cádiz), is designated as Category 2; in accordance with Rule 2.02 of the Racing and Sailing Rules 2023.

All vessels are required to have an active AIS transponder on board.

All vessels are required to have a Sat Coms transceiver or a multichannel HF/MF SSB transceiver.

Participants are urged to make sure they study and use the Current Edition of the Racing & Sailing Rules and Special Regulations.

SAIL TRAINING INTERNATIONAL RULE OF RATING AND RACE PRIZES

Each registered vessel will be issued with a Rating Certificate which will be calculated by Sail Training International's unique Rule of Rating which ensures that all vessels will be able to race equally on corrected time. All new vessels to The Tall Ships Races will be provided with a Measurement Form which will need to be completed in advance.

Trophies will be awarded for first, second and third places per class (class C and D may be combined depending on the number of entries) on corrected time, and for first on elapsed time (line honours) and overall, on corrected time for each race leg. There will be many other special prizes for competing vessels, including for the best crew in the crew parade. Vessels from all classes competing in all race legs will be eligible for the overall race series prizes.

The principal award will be The Tall Ships Races Magellan-Elcano Friendship Trophy which will be awarded to the vessel which, in the opinion of the competing captains and crews, has contributed the most to international understanding and friendship.

RACE POSITION REPORTING AND MARINE COMMUNICATIONS EQUIPMENT

For safety reasons, and to help the interest of the young crews during a race, Sail Training International organises a twice-daily radio schedule. Vessels' positions are passed over the radio and logged by the communications vessel. The corrected placings are then re-broadcast so that they may be plotted for all on board to see. Results and charts showing the fleet's positions are also posted onto the race websites at www.tallshipsraces.com.

Full Sailing and Communications Instructions are to be collected by Captains/Masters on arrival, from the Sail Training International Race Office in Falmouth for Race 1 and in Lisbon for Race 2.

Radio schedules will be conducted either on MF, VHF, or satellite phone. The MF frequency used will be 4146 KHz. The VHF frequency used will normally be channel 77. Any change to these frequencies will be notified in due course. Race starts are normally conducted on VHF channel 77. Please note that a VHF radio and type approved 406 MHz EPIRB are compulsory for these races.

SATELLITE TRANSPONDERS

Sail Training International will again provide participants with a YB satellite transponder for The Tall Ships Races Magellan-Elcano. There will be no charge to the participating vessels, but the YB transponder will be the responsibility of the Captain/Master until they return it to Sail Training International at the end of the last race that they participate in. Captains/Masters will need to sign to this effect.

We hope that everyone will appreciate the significant benefits that this scheme brings to vessel operators and their sponsors, as well to the crews and their family and friends ashore who wish to follow their vessel's progress.

For more information about the YB satellite transponder, please go to: www.ybtracking.com.

CREW CHANGES

Vessel operators and Captains/Masters are reminded that the social programmes in each of the 4 ports are designed to a similar pattern [see "Draft Port Programmes"]. The main crew activities - sports, prize-giving, and crew party – **are usually held on the second day** of the official port dates.

In order to allow a vessel's trainee crew to gain maximum benefit from the social programme and, in particular, to take part in the prize-giving and crew party which follows it, **it is strongly recommended that crew changes are conducted on the third day of the official port dates.**

Many vessels do this already and crew changes often take place in the very early hours of day three. Our experience is that trainees who have to leave their vessel before the prize-giving and crew party feel they are being deprived of an important part of the whole "experience" and would much prefer to have the chance to stay for those events, even if it means having to travel late at night or early in the morning. For 2023 the recommended crew change dates are:

***Falmouth – Wednesday 16 August; A Coruña – Saturday 27 August; Lisbon – Saturday 2 September; Cádiz – Saturday 9 September.** (* Please note that it might be advisable to change crew before arrival in Falmouth in a port that is better connected.)

CRUISE-IN-COMPANY: A CORUÑA, SPAIN TO LISBON, PORTUGAL

A Cruise-in-Company is planned between A Coruña, and Lisbon giving ships the chance to visit one or two guest harbours between the two ports. The arrangements for the Cruise-in-Company will be published on the Captains' Page on our website: www.sailtraininginternational.org/vessels/captains-page in the spring.

VESSEL LIFE SAVING APPLIANCES INSPECTIONS (rule 12.2.1)

All vessels will be required to conform to the Sail Training International Special Regulations in the Racing & Sailing Rules and Special Regulations, Current Edition. The Vessel Life Saving Appliances Report form **MUST** be completed prior to each race and signed by the Captain/Master and presented to the STI Race Office within 12 hours after the official start of the port event (see draft port programmes). Sail Training International will endeavour to inspect all vessels before the Race start.

VISAS

Visa Requirements for the United Kingdom, Spain, and Portugal

Individual race entrants are responsible for ascertaining what visas or other documents will be required by their ship's company when arriving in the United Kingdom, Spain, and Portugal and to obtain such visas themselves. Captains/Masters should note that ships or crew originating from any EU and Schengen countries^{Note1} do not need visas to visit any of this year's ports. However, they are advised to check that individual crew members conform to this requirement. Lists of countries whose citizens do require visas can be obtained from any of the host ports.

Note 1: The Schengen countries are: Austria, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, Malta, The Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, and Switzerland. All these countries except Norway and Iceland are European Union members.

Please be aware that non-Schengen registered ships will have to contact the relevant countries' consulates since they will need visas for entering the Schengen area.

DIPLOMATIC CLEARANCE – Military Vessels

Military vessels taking part in the Races will need diplomatic clearance to enter foreign territorial waters. Captains/Masters, of military vessels are reminded to make sure that the period of time they have applied for takes into account the possibility of their vessel finishing the Race early and arriving in port outside the published official port dates. They are also advised to ensure that they have clearance for the Cruise-in-Company area of sailing and intended visit ports.

FRONTIERS CONTROL

Please note the following: -

- In addition to individual visa requirements, Captains/Masters must send a complete crew list to the port authorities before departing the previous port.
- The Crew list must identify crew members embarking after the vessel entered the Schengen Area and also those expected to disembark at the next port.
- Non-EU crew must have verifiable evidence of a flight or other travel plans to leave the EU to be allowed to disembark the vessel.
- Ships leaving the Schengen area must inform authorities about their next destination before departing the previous port.
- Minors must travel with written parental authorization. Please note; airline companies can refuse the embarking of a minor without such documentation.
- Whilst citizens from Schengen countries can travel carrying national ID cards, but it is strongly recommended to travel with a passport.

Specific guidelines about frontiers control will be included in the Arrival Arrangements, and any guidelines would be in accordance with EU and national requirements.

Please remember that it is the responsibility of each vessel operator to ensure that the correct Visas, Diplomatic Clearance, and immigration requirements are in order before joining The Tall Ships Races 2023.

CLASS A

SHIP OPENING TIMES TO THE PUBLIC

The Tall Ships Races usually attract hundreds of thousands of visitors during the festivities in the host ports, and there is often huge interest in visiting ships. It is therefore greatly appreciated if ships would open their decks to the public.

Whilst it remains at the discretion of the Captain/Master to decide ship opening times, ports have suggested that the following times would be appropriate for ships to be opened to the public:

Falmouth	Times between 1400 and 1800
A Coruña	Times between 1000 and 2100
Lisbon	Times between 1000 and 2100
Cádiz	Times between 1000 and 2100

If you are unable to open your ship to the public at any of these times, please inform the relevant host port. Thank you in advance for welcoming the public aboard your ship.

COVID-19

PREPARATIONS AND REQUIREMENTS

Sail Training International and our Host Port partners are committed to providing safe harbours and port events for trainees, staff, volunteers, vessel operators, partners, and visitors alike. As a result, scenario planning has been developed to cover likely eventualities within each port.

PORT ACTION WITH REGARD TO COVID-19

Host ports will be operating according to the municipalities COVID-19 regulations in place at the time to help ensure COVID safe transfer for embarking and disembarking Trainees and Crew. These will be made available in good time prior to the event if required.

VESSEL ACTION WITH REGARD TO COVID-19

All vessels are expected to have their own COVID protocols and may be requested to provide evidence that suitably acceptable tests have been carried out.

CREW TRAVEL – FALMOUTH Arrival/Transfer Information

By Car

The M4, M5 and M6 motorways have made travel to Cornwall simple and straightforward, while within Cornwall itself, the A30 and A38 continue to improve with fast dual carriageways. Follow the M5 to Exeter, and join the A30 to Truro, and then follow the signs to Falmouth.

For up-to-date traffic information listen to local radio stations and plan your journey using the **AA Route Planner** for a tailor-made travel plan with timings and mileage. For information on any possible delays or roadworks throughout the UK or in Cornwall visit <https://www.theaa.com/route-planner/traffic-news>

By Air

Cornwall Airport, Newquay <https://www.cornwallairportnewquay.com/> links Cornwall to major cities across the country as well as internationally. **Car hire** is available at Newquay Cornwall Airport through **Europcar** and **Hertz** who have offices at the terminal <https://www.cornwallairportnewquay.com/the-airport/car-hire> Other regional airports are Exeter <http://www.exeter-airport.co.uk>, and Bristol <http://www.bristolairport.co.uk>.

By Coach

National Express serves Falmouth from destinations throughout the UK. Connecting services to Cornwall are available from Bristol, Birmingham, and London.

To book visit the website at <https://www.nationalexpress.com/en> or call 0871 781 8181

By Train

First Great Western operates high speed services from London Paddington, South Wales, and the Cotswolds to Cornwall, including **sleeper services** from London Paddington. **Cross Country Trains** (Arriva Trains) operate services into Cornwall from the Midlands, the North and Scotland. For further information visit <https://www.nationalrail.co.uk/> or call **National Rail Enquiries** on 03457 48 49 50.

The First Group co-ordinate rail and bus services from stations.

The Maritime Line When arriving by train, change at Truro and take the Maritime Line, a twice hourly rail service between Truro and Falmouth. Journey time is approximately 20 minutes. Falmouth has three stations at the Docks, Dell and Penmere.

By Ferry

There are many ferry companies that operate daily services to the UK from mainland Europe and Ireland and these terminals are within easy reach of the major motorways leading you down to Cornwall.

These include: **Stena Line**, **P&O Ferries**, **Irish ferries** and **DFDS Seaways**. Travelling across the Channel from France to the UK can take as little time as 35 minutes on the **Eurotunnel**.

Plymouth is the closest port to Cornwall being just across the River Tamar. **Brittany Ferries** offer services from Roscoff and Santander into Plymouth.
