Dear Captains and Sailors!

Congratulations on finishing the race! After a 7-year hiatus, I am delighted to welcome you back to our port. I am thrilled that this summer, Szczecin is hosting the largest and most beautiful sailing ships in the world, together with all of you. The final of The Tall Ships Races is your celebration, which we have the opportunity to organize for the fourth time. You have reached the finish line, and now it is time to celebrate.

For four days, the heart of the sailing world beats in the capital of West Pomerania. Previous finals have attracted millions of visitors and thousands of sailors. We know that this time will be no different. A sea of sails and attractions will fill the Szczecin waterfront. Concerts, meetings, workshops, and the opening of doors to the world of sailing will make this August weekend one to remember. Szczecin has long enjoyed a reputation as a friendly port. I believe that once again, you will be convinced of this and will be eager to visit our city.

I wish you all a good time and exceptional memories with Szczecin as the backdrop.

Piotr Krzystek

Mayor of the City of Szczecin
