

CAPTAIN'S MANUAL

Dear Captains

It is with great pleasure that we welcome you to Kristiansand. We hope you enjoy your stay and make the most of everything our city has to offer. Especially in the summertime, there is no better place to be than our vibrant seaside city.

Sail Training International provides young people with a unique opportunity to connect with others from around the world – to meet, share experiences and traditions, and build lasting international friendships. This is truly something to celebrate!

To help you experience Kristiansand to the fullest, we have prepared a unique and exciting program. We encourage you to take part and discover all that our city has to offer during these special days. I hope that your time at the Tall Ships Races in Kristiansand will be a memorable and joyful experience, and that you will return to visit us again soon. We look forward to welcoming all the magnificent ships and 2,000 crew members to our port. Once again, a warm welcome to all – enjoy your stay!

Sincerely,

Mathias Bernander

2.2 Reporting Procedures

Attention!

The following procedure is mandatory for vessels arriving in Norway.

SafeSeaNet Norway

Safe Sea Net reporting is the national reporting system where vessels send arrival and departure information to the Norwegian authorities and ports. All vessels must register and fill in the required documentation.

When registering, the system requires that the ship enter as a foreign company, and it requires a company certificate and some other information about the business. If the ship is not already registered in the system, the ship is also required to send the ITC (international tonnage certificate) to support in order to have the ship registered. This must be done before the regatta can be registered. If the ship needs assistance with this, Pentagon Marine can assist. The template/form itself is sent to the ships, and the ship must send it to Pentagon Marine no later than two days before arrival. As an attachment to the template, there will also be instructions on what information must be entered.

2.3 Pilots

Vessel must book pilot through the SafeSeaNet system, minimum 24 hours in advance.

Changes to the start time of 2 hours or more must be made as soon as possible and on an ongoing basis.

Final confirmation of the start time must be given no later than 2 hours before the expected start time.

If circumstances occur that the vessel could not have foreseen, the booking deadline in the first paragraph may be waived. Such circumstances must be documented in writing.

For vessels below 70 m in length and 20 m width, Pilot is exempt.

2.4 Tugs

There will be RIB boats in attendance in the port of Kristiansand. Their services are free of charge for participants in the Tall Ships Races. Several RIB boats will escort the vessels to their assigned berth, and these are the ones that will help push the ships into position. We do not have any larger tugs available, especially not at short notice, but we have two smaller tugs in the port. All ships must notify us of their needs well in advance of arrival.

2.8 Customs and Immigration

As the ships arrive from the UK, we remind you that everyone on board must be checked at the border. Please ensure that all ships have clear documentation when the police arrive for a check.

All documentation for Customs and immigration must be uploaded via Safe Sea Net prior to arriving Norwegian ports. Please upload all required documentation here: [Shiprep.no](https://shiprep.no)

For vessels using Agency, if any questions regarding SSN, please contact the agent.

The ships participating in the Race are considered tourist vessels as the itinerary for the Race is announced in advance, and anyone can participate in the Races for a fee.

The operator of a tourist vessel is exempt from the obligation to submit crew, provisions, and cargo declarations in SafeSeaNet Norway (SSN), provided the vessel does not carry goods to be unloaded in Norway. If there are passengers embarking or disembarking in Norway, the Norwegian Customs Authority must be notified in advance. This notification should be sent via email to: kr.sand.vakta@toll.no.

Uncleared provisions brought on board may be consumed duty-free by the crew and passengers while on board. There are no restrictions on the consumption of alcoholic beverages and tobacco products on board by crew and passengers. The provisions may also be used for hospitality purposes on board.

Uncleared provisions are not permitted for sale or to be brought ashore. For serving visitors on board within the customs territory, any provisions to be consumed must be purchased in a taxed state from a supplier.

The Customs in Kristiansand can be contacted on telephone number +47 38 12 73 00. Customs officers may inspect vessels for prohibited goods.

A current crew list should be given to the liaison officer on arrival.

It should be noted that it is the responsibility of the individuals concerned to obtain any visas that may be necessary, and that failure to be in possession of such documents may have implications for them and the operators of the host vessel. Entrants are also reminded that regulations for visas, etc. are liable to change.

All crew/passengers must hold a valid passport and visa where necessary. Crew/passengers from countries with compulsory visa must apply for a visa in advance.

The requirement for a visa will depend on the nationality of the individual. Failure to be in possession of a valid visa may render the person liable for removal from Norway at the vessel's expense.

3. Berthing

3.1 Berthing Plan

A detailed updated berthing plan will be delivered to the Captains at the Captain's Briefing before departing Aberdeen but is included as a preliminary version here.

3.2 Special Berthing Instructions

Service hours 24/7. If a vessel is capable of docking without assistance, it is allowed.

Class A vessels berth on both sides of the Lagmannsholmen basin, Quay 9 & 20, and the end of Lagmannsholmen quay 21- Also Quay 6.

Class B-C-D berth at Quay 2, Quay 3, Quay 12.

Kilden, Gravanekanalen and also in Kristiansand guest harbour, west of Odderøya (Western Harbour)

All vessels are expected to provide their own fenders and means of access to the shore. If a vessel requires additional fenders, please be in contact with your local agent. The Host port does not have the possibility to provide fenders.

If vessel requires an additional gangway, please be in contact with your local agent or the host ports Harbour Master via email: trafikk@kristiansand-havn.no.

Double mooring may occur. When a vessel is requested to berth outside another vessel, the vessels must utilize their own fenders and gangways. Linesmen together with your Liaison officer will be in attendance to take vessels lines when approaching the berth.

3.3 Formalities

It is customary to fly colours from 08:00 to 21:00. Vessels are invited to follow the flag flying the Port of Kristiansand.

It will be appreciated if the vessels are "Dressed Overall" daily throughout their visit (weather permitted). In the prize giving ceremony on Thursday there will, among other prizes, be a prize for the "Best dressed vessel in Port".

3.4 Open Ship

The Tall Ships Races will attract thousands of visitors during the festivities in the host port, and there is often huge interest in visiting ships. It is therefore greatly appreciated when ships open their decks to the public.

The proposed hours for open ships in Kristiansand are between 11:00 to 21:00. Vessels offering possibilities to visit the deck should ensure a safe gangway with sufficient load-bearing capacity and railings on both sides.

4. Emergencies

4.1 Urgent Emergencies

The National Emergency numbers in Norway are:

Police: 112
Fire: 110
Ambulance: 113

Call the emergency number in case of emergencies where life, health, property or the environment is in danger. When you call the national emergency numbers 110, 112 or 113, - give your name - describe what has happened - give the municipality and the address as accurately as possible - answer the questions asked by the Emergency Response Centre's operator - follow the instructions given - do not hang up until you are told to do so. After the call has been made, Call the port authority +47 97 09 05 04 or VHF CH: 12

4.2 In need of medical treatment

Call the Medical Helpline's (Legevakten) toll-free number 116 117 (open 24 h) before seeking medical attention, they will guide you to the appropriate location for treatment and will advise you how urgently you need to seek treatment. The medical care unit is open 24/7 and is located next to Kristiansand General Hospital (Sørlandets Sykehus Kristiansand)

Sørlandets Sykehus Kristiansand
Egsveien 100
4615 Kristiansand

4.3 First Aid Situations

Medical support and procedures for the stay in Kristiansand - general information:

Kristiansand General Hospital also operates the ambulances and co-ordinates medical helicopter services. All hospitals and ambulances in Norway are public services. For European Union citizens public healthcare is free of charge, except for the patient's charge. You are obliged to bring a valid ID and health card. For non-European Union citizens, for use of private health services, health/travel insurance or private payment is necessary.

NB: For all medical emergencies call 113.

Special arrangements during the Tall Ships Races:

During your stay in Kristiansand, the Norwegian Red Cross provides necessary first aid.

The Red Cross will be present in the event area during the event's opening hours. They will direct you to other local medical facilities if necessary, and can be of assistance with transport from the ship to the doctor or hospital. They will also be of assistance if any crew member needs a dentist.

The Red Cross' Sick Bay area is marked on the map and can be reached on telephone number +47 90 57 00 00.

The municipal superintendent will be available to the Red Cross for telephone consultation, if necessary. The personnel at the sickbay are also available for questions if crew members have medically-related questions.

The Red Cross will have a mobile first aid unit in the area. This unit can provide initial first aid and has basic first aid equipment available.

Ambulances/medical transport:

There will be a Red Cross ambulance stationed at the sick bay. This can be used free of charge for non-medical emergency transport from the ship to the local sickbay, community health care service or hospitals. You can reach the medical transport by contacting LO.

In the dock area there will be life savers and several Ribs available during the stay. These can be contacted directly through the sickbay or the LO system.

Hospitals/community care:

If any crew member is admitted to hospital or sent to the local health care centre, they should be followed by one of the officers on board. Admittance will be through the medical emergency services or through the doctor at the local sickbay.

If a crew member is sent to the hospital or community health care service, they are obliged to bring an ID card, health card and/or insurance card. Hospitals and community health care services are open for admitting patients 24 hours.

5. Safety & Security

5.1 Important Safety & Security Information for visitors – Kristiansand Harbour

Please note: The Kristiansand harbour area is not ISPS-compliant during the event. Swimming or jumping from vessels within the harbour area is strictly prohibited.

During daytime hours, patrol boats equipped with safety gear, first aid personnel, and security officers will monitor the harbour to ensure the safety of all attendees. Security guards and officers will be on duty 24/7 throughout the event to oversee safety and security in the area.

For any safety, security, or emergency concerns, please contact the Harbour Centre/ Event Safety & Security duty number: +47 97 09 05 04 (available 24/7)

Norwegian law applies within Kristiansand harbour and territorial waters. Any criminal or unlawful behavior — ashore or aboard non-naval vessels — will be handled by the Norwegian authorities. Environmental regulations will be enforced by the Port of Kristiansand, event organisers, the Coast Guard, and the Police.

5.2 Discrimination and Harassment

This event, organised in cooperation with local authorities and partners, is committed to creating a welcoming and inclusive space for everyone.

We expect all staff, performers, partners, contractors, and visitors to uphold values of equality, fairness, and non-discrimination.

If you witness or experience discrimination, harassment, or inappropriate behavior, please report it promptly to the nearest security steward or contact the organisers via email: tallshipsraces@kristiansand.kommune.no. It is possible to report anonymously by delivering your letter to the City Hall (at the “Øvre Torv”) or in the mailbox outside. Please mark your letter with “Tall Ships Races”.

Let's work together to ensure a safe, respectful, and enjoyable experience for all.

6. Captain's program

6.1 Wednesday 30 July

The Official opening of the Tall Ships Races in Kristiansand

Time: Wednesday 30. July, at 16:00

Location: The Main Stage.

Transport arrangements: Walking distance for all.

We hereby invite all ships to participate in the official opening; the Mayor of Kristiansand will officially declare The Tall Ships Races in Kristiansand open.

Captain's dinner

Time: Wednesday 30 July at 19:00.

Location: Radisson Blu Caledonien Hotel.

9. Liaison

9.1 The Liaison system

Kristiansand will be providing a significant, knowledgeable network of vessel liaison officers. These officers will be allocated to vessels in advance and will meet the ship on arrival. If you arrive late at night, you will be met by LO the next morning.

The LO will be available daily from 10:30 hours to 22:00 hours. All LOs will have mobile telephones to ensure the best contact between your vessel and the designated LO. Name and contact details will be provided by your designated LO directly.

Through the LOs we will provide you with essential information, much of which is contained within this manual, and will keep you up to date with any revised or new material throughout your stay in Kristiansand.

Your LO will be pleased to assist you with any queries you may have and to help you with various arrangements that will be required during your stay – details of which appear in this manual and in the crew manual.

The LOs aim is to enable you and your crew to enjoy your visit to Kristiansand. They will advise you of full details of the social events organized for captains and crew.

9.2 Name & contact details of Chief Liaison Officer

Chief Liaison Officer: Bjørnar Rimereit

Email: bjornar.rimereit@kristiansand-havn.no

Telephone: +47 92 22 78 36

10. Ships services

10.1 Fuel & bunkering

Bunkering and fuel is to be ordered via the port authority, preferably via:
trafikk@kristiansand-havn.no or +47 97 09 05 04

10.2 Electricity

Main harbour

All quays have means to provide shore side power, and our aim is that all participating vessels will use it, as we want to use as much green electricity produced by renewable sources as possible. The event organizer will provide power according to the information given by the vessels in the participation form. We have an electrician on standby on arrival to make connections if needed and give support regarding questions or problems related to electricity.

If your vessel has any connection that is not according to EU standards, please be in contact with the Harbour Master.

Guest harbour

The C and D ships will be placed in the Guest harbour. It might be difficult to manage electricity for all the ships, but we are doing our best in the preparations. Please, if your ship needs any converter from 16A and 230 W, you need to bring this along.

10.3 Fresh water

Fresh water will be available by hose at all berths throughout the visit. Fresh water is provided free of charge.

10.4 Waste handling for the Ships

Clearly marked waste stations will be available in the event area. Proper sorting helps ensure that materials can be recycled, or composted locally, and supports Kristiansand's goal of being a sustainable host city.

Please follow the signage and instructions at each station and contact the port office if you are unsure about sorting procedures.

Please be advised that all waste to be landed upon arrival must be reported in SafeSeanet.

These fractions apply to all scooters when it comes to waste sorting.

- Residual Waste
- Bio/Food Waste
- Paper/Cardboard
- Electrical/EE
- Metal
- Rubber
- Plastic
- Glass
- Textiles
- Wood
- Hazardous waste (e.g Paint, Batteries, oils etc)

10.5 Sewage

Sewage is collected free of charge. Releasing sewage and grey water into the sea is prohibited by law.

All sewage and grey water are collected by pump trucks.

Please place an order for the collection of sewage via your LO.

10.6 Sludge and bilge water

Sludge is collected free of charge via a special truck. If you need any collection, please be in contact beforehand via the Harbour Master or your Liaison Officer upon arrival.

10.7 Gas

To be arranged via the Liaison Officer

10.8 Repairs

To be arranged via the Liaison Officer

10.9 Boating Stores

To be arranged via the Liaison Officer

11. Sustainability and Sea Preservation

The Tall Ships Races in Kristiansand aim to minimize environmental impact, create social value, and ensure economic viability. This includes reducing emissions, managing waste, protecting marine ecosystems, and promoting sustainable sourcing. Social efforts focus on inclusion, skills development, safety, and local engagement, while economic measures support responsible tourism, ethical sponsorships, and circular economy principles. Clear communication and education on sustainability reinforce these goals, making the Tall Ships Races a model for eco-friendly maritime events.

The ocean is at the heart of the Tall Ships Races.

Sailing vessels naturally operate with low emissions, powered by wind and water. We are committed to ensuring that all TSR activities are in harmony with ocean health, both at sea and in the port. The Kristiansand event is fully certified as a Green Event through the Eco-Lighthouse ('Miljøfyrtårn') program.

As a guest in a coastal city with a strong commitment to marine conservation, all participants are encouraged to help protect the sea during their stay. Kristiansand actively maintains a clean and healthy marine environment, supported by local volunteers who regularly remove plastic waste and fishing gear waste from the sea and shoreline. The Coastal Maintenance Service ('Skjærgårdstjenesten') plays a key role in keeping the archipelago clean and accessible, while long-term efforts continue to improve the chemical and ecological condition of Kristiansandsfjorden.

Marine preservation will also be the main theme in the activity zones stretching from the Guest Harbour to the Odderøya Museum Harbour, where everyone is welcome to join in engaging and educational activities.

Crews and visitors are asked to minimize waste, avoid discharges into the sea, and participate in clean-up efforts where possible. Together, we can ensure that the Tall Ships Races leave a lasting, positive legacy—both on land and at sea.

12. City Information

12.1 Tourist Information

Kristiansand harbour

Kristiansand is a city of longstanding seafaring traditions, mainly maintained by local involvement in our fully rigged ship, Sørlandet.

Kristiansand is becoming increasingly multinational, with more than 145 nationalities represented, and a rich variety of cafés, restaurants, and cultural activities. The old city of Kristiansand is home to Northern Europe's largest collection of low, terraced, white wooden houses dating back to the 18th century.

Kristiansand is a modern city with a cosmopolitan history. A leading light in the technology sector and number one in exports, the region is the fastest growing in Norway. Surrounded by picturesque scenery – from tiny rocky islands in the fjords to snow-covered mountains inland – Kristiansand offers a rich variety of recreational activities.

See: www.visitorsorlandet.com for more information.
